

Quick Guide to Getting Books from Bookshare

- 1 Log in with your user name and assigned password.
- 2 Download the Unpack Tool (only once per computer).
- 3 Download Victor Reader Soft (only once per computer, if you want to use this free assistive reading software).
- 4 Find your books by searching or browsing the library.
- 5 As prompted, select the student for whom you are downloading the book.
- 6 Select the DAISY or BRF format.
- 7 Follow the prompts to unpack the book.
- 8 Enter your password again to fingerprint the book.
- 9 Save your book in your Bookshare™ folder so you can find it easily.
- 10 Open the book with the assistive technology of your choice.

Depending on the device your student is using to read books, you may need to transfer the book files using a USB cable, SD card, thumb drive, compact flash card, or CD. Some devices can download and unpack Bookshare books directly. For technical support, please email support@bookshare.org.
